

BRADEN HUNT

Web Developer with Customer Service Experience

(801) 580-9196 • bradenthunt@gmail.com

[linkedin.com/in/bradenthunt](https://www.linkedin.com/in/bradenthunt) • github.com/bradenthunt

HOW I CAN ADD VALUE

I am an avid learner and a great communicator. I am a hard worker with a strong attention to detail. I am a loyal team player and am highly organized, but my true passion is helping others.

My areas of expertise include client facing customer service, information analysis, and communication, both written and orally. I also have experience in sales and project management. My **technical skills** include:

JavaScript • ES6 • React • HTML • CSS • Node.js • Express • AJAX/HTTP • Mongoose • MongoDB • JSON • Git

WHAT I'VE LEARNED

Certification of Web Development, V School

Dec 2021- July 2022

PROJECTS I'VE DONE

React API Project

github.com/Bradenthunt/V-School/tree/master/cc-tesla | TECHNOLOGIES: **React, APIs**

- Developed an app, integrating data from a Tesla API, that allows users to showcase 8 unique data points and control 6 unique functions of the car.

Full Stack Application Project

github.com/Bradenthunt/V-School/tree/master/control-your-finances | TECHNOLOGIES: **React, Node,**

Express, Mongoose, MongoDB

- Developed a full stack app that allows users to create a budget and receive helpful budgeting tips by adding their expenses and income.

WHERE I'VE BEEN

Information Analyst, US Army 10/2020 - 10/2021

- Compiled more than 1400 pieces of data to illustrate and predict trends for the US Border Patrol which lead to over 150 cross-border trafficking seizures. Produced a comprehensive 63-page analytic report outlining various aspects of the region and its relation to the area's criminal activity that provided clarity and understanding for high-ranking officials.

CEO/Owner, Lucent Cleaning Services 2/2018 - 9/2020

- Developed a customer focused and transparent appraisal procedure by empowering clients with knowledge of our pricing model which increased both sales and customer satisfaction.

Analytic Technologies Specialist, Credit Innovation Group 11/2015 - 11/2016

- Engineered an automated workflow of 1,100 clients by utilizing existing technologies that ultimately simplified the client interaction process for 6 account managers.
